Projects

Rock Paper Scissors Game

Experience the classic hand game brought to life with HTML, JavaScript, and CSS, featuring both auto-play mode and interactive player versus computer gameplay. The rules dictate that rock beats scissors, scissors beats paper, and paper beats rock.

Amazon Clone E-commerce

Developed and integrated "Add to Cart" functionality with cart management and order tracking for an Amazon-inspired e-commerce website. Utilized HTML, CSS, and JavaScript to ensure a seamless user experience and efficient database management. Contributed to enhancing the website's overall functionality and user interface.
